801 WD BL - PROFESSIONAL WET & DRY

- ✓ Complete steel construction
- ✓ Compact and mobile

- ✓ Simultaneous suction of solid, dust and liquid material
- ✓ Accessory kit included

\bigcirc		
Power	kW	1,1
Max water lift	mmH0	2.250
Max air flow	m³/h	215
Suction inlet	mm	80
Noise level (EN ISO 3744)	dB(A)	76
FILTER UNIT		
Filter Type		Bag
Transport capacity	kg/h	80
VOLUME		
Dimensions	cm	53x69x110
Weight	kg	42

SUCTION UNIT

SUCTION UNIT

The motor head is equipped with a Brushless motor: the lack of carbons allows the use of the machine even in explosive hazardous areas. The motor is protected by a series of filters and it is turned on by an independent switch placed on a soundproofed and robust metal motor head.

The motor head includes a vacuum gauge and tension power lights as standard.

An antistatic polyester cartridge filter is placed inside the steel filter chamber. This filter protects the suction unit by preventing any spark which might be caused by electrostatic discharge. A HEPA filter is included as standard (99,995% on 0,18 micron, class H) which holds the finest dusts and guarantees the cleanliness of the leaving air.

The unit is manufactured with thick painted steel for improved sturdiness and long-lasting lifetime
